

For Black Friday, Skiworld is offering chalets from £499pp and apartments from £299pp

Deals are available across the season in France and Austria, ranging from luxury properties to more price conscious options, all with great discounts. Including return flights and transfers.

These offers are helpfully coming at the same time as a huge snow dump across the Alps, with 125cm anticipated in the top resorts we are offering.

Skiers can also book their lift pass and ski hire with Skiworld's Ski-All-In option and get further savings, plus ensuring everything is sorted before hitting the slopes. The deals will no doubt go fast and may sell out at any point, so there's no time for hesitation – book now to avoid disappointment.
