

Skiworlds All Inclusive Ski Holidays Return for the 2019/20 Season After Fantastic Feedback and Results

Due to the unprecedented success of Skiworlds Ski-All-In programme, Skiworld is launching this programme again for the 2019/20 season, with prices starting at £562 per person. Ski-All-In can be added to any accommodation (chalets, apartments) in all of Skiworlds 24 European resorts, however this is subject to availability.

What extra does the all-inclusive programme include?

- Lift pass (full or local area)
- Skis/board and boots (or ski carriage if you have your own equipment)

During the 2018/19 season, **75%** of Skiworld customers booked the ski-all-in option. Why?

- **Big savings:** We ensure the best prices and savings
- **No upfront payment:** Just pay the £150pp deposit
- **No hidden extras:** Budget more effectively, with all costs covered
- **Locked-in exchange rates:** Let Skiworld take the risk on currency fluctuations
- **Complete flexibility:** Choose the lift pass and ski hire to suit you
- **Convenience:** Lift pass will be ready at your accommodation on arrival and your equipment hire at the nearest shop
- **Valid for children:** Great saving for families

Top Tip: For even bigger savings, book the whole chalet. On top of the Ski-all-in discount, you will receive the whole chalet discount (£50 off per person). For example, if a group of six take a whole chalet, that's an additional £300 off.
